To: Current MEDGroup Occupational Clients

From: Dean Erickson M.D., MPH
Daniel Breitenbach M.D.
Anne Kastelic RN, MBA, PHR

Re: MEDGroup Business Changes for 2010

In 2009, MEDGroup closed our Parma Hts locations as a result of the recent down-turn in economic times which had impacted our business as with many others in the Cleveland-Akron area. The trickle-down effect resulted in decreasing revenues for the Parma Hts location. In mid 2009, our owners were approached by several national and location medical providers to consider the possibility of a partnership or acquisition of our remaining locations.

In late 2009 a decision was made to split our company into several new business entities. On December 5, 2009 our employees were informed of the changes and now we are in the process of informing all of our clients, patients and business associates. **Dr. Breitenbach will continue at our University Hts. location under a new parent company doing business as MEDGroup. Dr Erickson will develop a business focused on IME (Independent Medical Exams) and occupational medicine consulting services. Our Fairlawn location and Mobile/National services have been acquired by Summa Physicians Inc (SPI). Our Stow location has been acquired by Summa Western Reserve Physicians Inc (SWRP).** It is anticipated there will be little change to the medical services we offer. In general, the current MEDGroup staff will continue under the new ownership divisions.

Below are the contact people for each location. As we move through the transition, our Client Service Representative (CSR) will be available to you for any questions or concerns. The significant change(s) you will notice will be in the heading on the exam/testing results and in your invoices/return address for payment which will be coming from the new owner(s) beginning with service provided on March 1, 2010.

University Hts will be DABMD LLC dba MEDGroup

Contact: Maria Katzakis (216) 381-9000

Jatila Blackmon (CSR) (216) 381-9000
