Re: MEDGroup Business Changes for 2010

---

In 2009, MEDGroup closed our Parma Hts locations as a result of the recent down-turn in economic times which had impacted our business as with many others in the Cleveland-Akron area. The trickle-down effect resulted in decreasing revenues for the Parma Hts location. In mid 2009, our owners were approached by several national and location medical providers to consider the possibility of a partnership or acquisition of our remaining locations.

In late 2009 a decision was made to split our company into several new business entities. On December 5, 2009 our employees were informed of the changes and now we are in the process of informing all of our clients, patients and business associates. **Dr. Breitenbach will continue at our University Hts. location under a new parent company doing business as MEDGroup. Dr Erickson will develop a business focused on IME (Independent Medical Exams) and occupational medicine consulting services. Our Fairlawn location and Mobile/National services have been acquired by Summa Physicians Inc (SPI). Our Stow location has been acquired by Summa Western Reserve Physicians Inc (SWRP).** It is anticipated there will be little change to the medical services we offer. In general, the current MEDGroup staff will continue under the new ownership divisions.

The result of these business changes will impact some of our vendor agreements. We will need to discuss the changes with each specific vendor. Below are the contact people for each location. As we move through the transition, we will contact you directly with updated invoice address changes. **The target date for the transition is March 1, 2010.**

**University Hts will be DABMD LLC dba MEDGroup  
Contact: Maria Katzakis (216) 381-9000**

**Fairlawn will be Summa Health System Urgent Care Center  
Contact: Jacquie Moyer (330) 864-1916**

**Stow will be Summa Western Reserve Physicians Urgent Care  
Contact: Jacquie Moyer (330) 688-7900**
